Hah!
Hit you with my ultraviolence
Skin cancer causing laser beam flow then causing riot
Oh shit! I'm gon' give you
more and more (hah) flows that's gon' help you
see who got the real raw -- you can watch me wreck
(huh)
for the entire nine seasons
Cold-blooded flow that got you motherfuckers freezin
You (you) must (must) find (find) your style
Identify with your own profile! Uhh uhh
Niggaz don't understand what we be talkin about
Designed especially for biters who try to figure it out!!
Huh, WHOOOO! Ice Capades all over beats son
while I smoke your Phillies all the way down to the last
one (HAH)
Yo watch me skyrocket (HUH)
Prop me for my flow then get your hand out my pocket
As the world keeps on turnin
Killing microphones as the nigga most determined
Keeping biters fiending like this was they last serving
Stay away from fake motherfucks like Mark Fuhrman
Got your whole entire Little House on the Prarie burning
Stick me for my rhyme like you stuck me for my
Sherlings

Yo, you must be out your fuckin mind
The only thing you really need to do is chill and watch
the sun shine

RRRR.. RRRRRROAW RRRRRRROAW
til my dragon baby stop whinin
I see my influence still shinin

Hah, hah, hah, hah
Hoh, hoh, hoh, HAHHHHHHHH!

Hey, get with this here roll c
