Yea, hmm

Alright now

Yea

After the ultimate world blast that ended all things

This is how we rebuilt shit from the underground up

Bounce nigga, bounce bounce, bounce nigga, bounce  
bounce

When I come through, hit y'all with the one two

Break y'all niggas that y'all niggas won't even know  
what to do

Break fool, make all y'all people wanna come to

Feel the force of my shit kickin' like it was Kung Fu

Blast through, don't these corny niggas harass you

Set a tone in the streets where even the fans blast you

Ask you niggas, do y'all really want the brand new?

Corny niggas just finish your time and over pass du

He ha what ho, think it's way pass your curfew

Hit you with some shit that make doctors come have to  
nurse you

You you you

I'm rollin' with my whole crew

Bounce threw niggas when ever we surround you

Flip mode role thick, and you know we don't quit

Hit you with some more hits that make y'all wanna

Go shit shit shit

Yo make y'all niggas jump back

Hit that hurry and pass the rest of the weed black

Rep my crew yo, flipmode hit you off

Yo y'all know what to do ok, tear da roof off

Off off off, tear da roof off, yo

Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off

Yo y'all know what to do ok, tear da roof off

Off off off, tear da roof off, yo

Y'all know what do I'm sayin' tear da roof off

One more time I hit y'all with a crime

While I be in my rhyme I hear that a drop of a dime

Wildin' all in my tim boots

Now we stackin' mad loot  
Everybody holdin' and twenty-one gun solute  
Anyway any how, I'ma give it to you now  
You ain't wildin' my nigga, that is something I won't  
allow  
One two three four, I be knockin' at your door  
Hit y'all niggas with an effect that y'all never felt before  
Or leave you with somemore freaky dicky metaphor  
Rep for all my niggas who stay reppin' the hardcore  
Slug it out, bugging out, all off my niggas thug it out  
Tired of all these weak niggas now I'ma rub you out  
Yo, what you talkin bout, make y'all niggas scream and  
shout  
Yo, we bout to blast you out the spot my nigga no doubt  
Doubt doubt doubt  
Yo you know we always stay on  
Keep wildin' before you know it the entire day is gone  
Left right left, yo no ned to hold your breath  
Yo, better chill your body up while we beat you to death  
Death death death death  
Blast you right threw your chest  
Yo you know we runnin' shit and we never settle for less  
Yo

Rep my crew yo, flipmode hit you off  
Yo y'all know what to do ok, tear da roof off  
Off off off, tear da roof off, yo  
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off  
Yo y'all know what to do okay, tear da roof off  
Off off off, tear da roof off, yo  
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off  
Yo y'all know what to do ok, tear da roof off  
Off off off, tear da roof off, yo  
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off  
Yo y'all know what to do ok, tear da roof off  
Off off off, tear da roof off, yo  
Y'all know what do I'm sayin' tear da roof off

Yea motherfuckers  
Flip mode squad eternally imperial, powerful, universal  
Flip mode squad, from the underground up  
motherfuckers  
Always remember that  
From the underground up  
We gonna rebuild this whole shit
