Yea, hmm

Alright now

Yea

After the ultimate world blast that ended all things

This is how we rebuilt shit from the underground up

Bounce nigga, bounce bounce, bounce nigga, bounce
bounce

When I come through, hit y'all with the one two

Break y'all niggas that y'all niggas won't even know
what to do

Break fool, make all y'all people wanna come to

Feel the force of my shit kickin' like it was Kung Fu

Blast through, don't these corny niggas harass you

Set a tone in the streets where even the fans blast you

Ask you niggas, do y'all really want the brand new?

Corny niggas just finish your time and over pass du

He ha what ho, think it's way pass your curfew

Hit you with some shit that make doctors come have to
nurse you

You you you

I'm rollin' with my whole crew

Bounce threw niggas when ever we surround you

Flip mode role thick, and you know we don't quit

Hit you with some more hits that make y'all wanna

Go shit shit shit

Yo make y'all niggas jump back

Hit that hurry and pass the rest of the weed black

Rep my crew yo, flipmode hit you off

Yo y'all know what to do ok, tear da roof off

Off off off, tear da roof off, yo

Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off

Yo y'all know what to do ok, tear da roof off

Off off off, tear da roof off, yo

Y'all know what do I'm sayin' tear da roof off

One more time I hit y'all with a crime

While I be in my rhyme I hear that a drop of a dime

Wildin' all in my tim boots

Now we stackin' mad loot
Everybody holdin' and twenty-one gun solute
Anyway any how, I'ma give it to you now
You ain't wildin' my nigga, that is something I won't
allow
One two three four, I be knockin' at your door
Hit y'all niggas with an effect that y'all never felt before
Or leave you with somemore freaky dicky metaphor
Rep for all my niggas who stay reppin' the hardcore
Slug it out, bugging out, all off my niggas thug it out
Tired of all these weak niggas now I'ma rub you out
Yo, what you talkin bout, make y'all niggas scream and
shout
Yo, we bout to blast you out the spot my nigga no doubt
Doubt doubt doubt
Yo you know we always stay on
Keep wildin' before you know it the entire day is gone
Left right left, yo no ned to hold your breath
Yo, better chill your body up while we beat you to death
Death death death death
Blast you right threw your chest
Yo you know we runnin' shit and we never settle for less
Yo

Rep my crew yo, flipmode hit you off
Yo y'all know what to do ok, tear da roof off
Off off off, tear da roof off, yo
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off
Yo y'all know what to do okay, tear da roof off
Off off off, tear da roof off, yo
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off
Yo y'all know what to do ok, tear da roof off
Off off off, tear da roof off, yo
Y'all know what do I'm sayin' tear da roof off

Rep my crew yo, flipmode hit you off
Yo y'all know what to do ok, tear da roof off
Off off off, tear da roof off, yo
Y'all know what do I'm sayin' tear da roof off

Yea motherfuckers
Flip mode squad eternally imperial, powerful, universal
Flip mode squad, from the underground up
motherfuckers
Always remember that
From the underground up
We gonna rebuild this whole shit
