*[Busta Rhymes]*

Just make sure them, them drums is smackin

..

This, means, WAR!!

I work hard to take care of every one of my niggaz  
Feel the love and appreciation from all of my niggaz  
When I think meditate and contemplate for my soul  
watch the truth manifest once the story unfold  
Disloyal motherfuckers I'ma BANISH you all  
and celebrate all in your absence once I get rid of y'all  
Sometimes I can't describe the wicked shit I feel in my  
heart

Break my silence and sporadically tear you apart  
Strike with a serious vengeance and before you die  
Put you through the worst and make you take a look in  
my eye!

So you could witness the extreme damage caused by  
betrayal

Make you sorry for the fact that you attempted and  
failed!

Make you eternally suffer, you was one of my mens  
Turn your back on me, and I'ma make sure you get it  
back times ten

Stay TRUE -- now that's the one thing I religiously  
pledge

If you ain't wit me I'ma throw you WAY over the edge  
THIS MEANS WAR!!

*[Ozzy Osbourne]*

Take a look inside

You can run and you can hide

If you cross my path

I'll make sure you feel my wrath

Give and you receive

Cherish every breath you breathe

Scriptures on the wall

Those who betray all must fall

*[Busta Rhymes]*

As I cherish every blessing and I greet you with hugs  
You my peoples when I see you I embrace you with love  
Yeah I be the one to come and get you out of the hole  
Yeah you be the one to run and leave me out in the cold  
So amazing how many times you plot and you scheme  
But what you don't realize, you'll never conquer my  
dream  
Though devilish karma can't penetrate the steel in my  
armor  
Time passed, my oppression got you living with drama!

Paranoid of my retaliation, living in fear  
Disloyalty will have me kill my brother, sheddin a tear  
Such a shame how you could easily get trapped in a  
zone  
And have to go to war with FAKE niggaz standin alone  
Until I get with all my loyal niggaz goin the length  
Don't matter how hard you try you never weaken my  
strength!  
Now I'm with all of my loyal niggaz, breakin the bread  
And if you diss the code of honor we takin your head;  
THIS MEANS WAR!!

*[Ozzy Osbourne]*  
Take a look inside  
You can run and you can hide  
If you cross my path  
I'll make sure you feel my wrath  
Give and you receive  
Cherish every breath you breathe  
Scriptures on the wall  
Those who betray all must fall

Nobody helps them  
Now he has his revenge

*[Busta Rhymes]*  
Whatchu gon' do? Whatchu gonna do?  
Where you think you can run, or you can hide?  
Where you think you can run, or you can hide?!!  
Where you think you can run, or you can hide?!!!  
Where you think you can run, or you can hide?!!!!

I'ma BE the best to show love let's co-operate  
Disloyalty is somethin that we won't tolerate  
Deal with these niggaz, let's put them where they  
properly go  
On the Island far away in a place where NOBODY know  
So long fightin the bullshit for so many years  
Watchin the danger and niggaz double crossin they  
peers

Yes I always fight for what is right and put my foot  
down  
Disrespect my love, I'ma be LAYIN YOU DOWN  
THIS MEANS WAR!

*[Ozzy Osbourne]*  
Take a look inside  
You can run and you can hide  
If you cross my path  
I'll make sure you feel my wrath  
Give and you receive  
Cherish every breath you breathe  
Scriptures on the wall  
Those who betray all must fall
