(Busta Rhymes)

Yea I'm back to drive you crazy with that hottest shit in  
the streets  
No if's, and's, or maybe's  
Errbody gather around from here to little Haiti  
Cuz it's Busta..(Luda)..and (Young Weezy Baby)  
With Flip Mode and DTP, shit be gettin' ugly  
Weezy tell 'em what you rep..(I represent Young Money)  
Yea I know you got me homie..(Busta, Bust I got you)  
Real Talk  
(I'm goin' in)  
Get 'em killaaa

(Lil Wayne)

I'm about to blast off call it rocket science  
Daddy fat stacks check my pocket science  
And if ya wanna try it, c'mon and try it  
You don't want beef, I'll put you on a diet  
I'm comin' through ya house with them choppas firin'  
And all adults die, leave the toddlers cryin'  
I've been a soldier, never met private ryan  
Hey welcome to the jungle, and I'm the lion  
I'm dippin' in my coupe, with the top behind me  
I'm not the president, but I see cops behind me  
Well fuck 'em, fuck 'em, fuck 'em, and they can not  
stop me  
So I will be drivin' like Ricky Bobby  
It's my prerogative like Whitney's Bobby  
I'm skatin' on blades like Sidney Crosby (That's hockey)  
Sharper than a ginsu shawty  
You not Beyonce, but I can get you body

(Chorus)

Now you know what we about to do, we goin' full  
throttle  
Niggas go and toss ya champagne, and throw a fuckin'  
bottle  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
(I got 'em..Ludaa)

(Ludacris)

I throw it up like a cap and tassel  
I got my rap diploma  
I throw it up like the gangs in Southern California  
I Got them burners on ya, have you lookin' at a Russian  
Ruger  
Have you lookin' like a human torch  
Then have you lookin' like Freddy Krueger  
So don't be sleepin' on me, this aint a fuckin' dream  
I pass the rock to these jays like I'm on they fuckin'  
team  
But I aint slangin' dope, I slang Luda-vision  
Hip-Hop's God in these jeans, now that's true religion  
You couldn't fill my shoes, You couldn't fill my jockey  
My niggas fight over ice like we been playin' hockey  
I hope you get the goal, I hope you get the point  
I'm on a roll with this paper, I hope you get the joint  
I hope you fire it up, I hope it burn slow

I welcome chicks to my nest, I let these birds know  
And eagles fly alone, so I'm about to take flight  
And throw it up like ya girl's dress on prom night

(Chorus)

Now you know what we about to do, we goin' full  
throttle  
Niggas go and toss ya champagne, and throw a fuckin'  
bottle  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)

(Busta Rhymes)

When I spit, niggas be askin' "Who dat"  
It be the god  
And I know you niggas really wanna know how the hell I  
"Do dat"  
And the way that I come through  
And kill every single thing when I rhyme  
Nevermind, niggas can't compete when I spit a little  
beat same time  
(Bring the beat back)  
My fans will leave ya fuckin' ass leakin'  
For sayin' you nicer than me, hypothetically speakin'  
Cool and Dre bring the fuckin' beat back for no reason  
(Rewind It)  
Niggas know my rap and know me for always beastin',  
Ok  
When they see me they stutta, niggas know where I'm

from  
Scoon nu nu nu ba ba be, like the speakin' in tongues  
I single handedly move like a thousand niggas kick on  
Trample niggas like a heard of hippo's (Nigga)  
When I get hot I pop like oil, that's when they call me  
crisco (Bitch)  
That's when I seek revenge like the Count of Monte  
Cristo  
Crack niggas like Nabisco, swallow a fifth for 'Sisco  
A gangsta cat markin territory wherever the piss go  
Now that I'm pissy drunk, why the hell you wanna thug  
and holla  
I'll change that and have you consider studyin'  
Kabbalah (Shit)  
They nicknamed me Kamala (Hey), kinda like the  
Ugandan giant  
Flatten niggas with my foot, who wanna try it

(Chorus)

Now you know what we about to do, we goin' full  
throttle  
Niggas go and toss ya champagne, and throw a fuckin'  
bottle  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)

When the game was gettin' weak, and everybody  
started winin'  
And when the streets needed us, we came with perfect  
timin'  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)  
Throw it up (you know we got em)
