Jah and Busta-Bus (Heh)
Jaheim and Busta baby (Heh)
Jah and Busta baby...
Yeah. wife in law, my bitch for the triflin' whore
Type of bitch to make a nigga get the right things for
Bitch sexy, and beautiful, and gangsta, and golden
Love to fuck a nigga till the pussy dry and swollen
My lil' bitch had a figure like a wine glass
Slim bitch stackin' like a muhfucker with a fine ass
Word to mother; bitch nasty like me
Love to fuck a nigga in places where people could see
The bitch's tongue send a chill like cold freezin' a
nigga
The way she holdin' and bitin' and suckin' and
squeezein' a nigga
Down and dirty bitch never dick teasin' a nigga
Got her own paper and focused on pleasin' a nigga
She ain't out for getting' a nigga or fuckin' my life
She only wanna fuck a nigga while he fuckin' his wife
There was nuttin' she couldn't achieve
In the mornin' bitch was across the street waitin' for
wifey to leave
Called me on the cell while the wife was runnin' a bath
She can't wait for me to fuck her, till I cum in her ass
Just a long-time chick I used to fuck from the past
She love to out-fuck a nigga, see how long I could last
It be nice the way she always let me dig in her rib
The bitch fuck a nigga like she wanna move in my crib
Bitch I always knew ya ass was a star
In the daytime, whippin' the droptop, givin' me head in
my car

When a woman needs love, just like you do
Oh, don't kid yourself, into thinkin' that you don't
Cuz she will fool around, just like you do
Ohh, don't kid yourself, into thinkin' that she won't

C'mere bitch and place ya pussy right where it belong
And put me in the mood to fuck just like a Jodeci song
I love the little freaky shit you be approachin' me on
Dick all in ya mouth, you know what type of shit I be on
The way the pussy lock feel like we about to be stuck

All outside busy, givin' me the balcony fuck
Hold on get up off of me quick
Bitch grab the X.O. and suck the Hennessy up off of
my dick
So quick, so fast, bitch 'll come out her skirt
Fuck a nigga till it hurt, while the wifey at work
The bitch 'll even call her girl so I can fuck with her
friend
And fall asleep to wake up and start fuckin' again
Straight nasty little bitch no horsin' around
The bitch even want me to fuck her when she walkin'
around
Hold up, it's kinda l'll how we be workin' the caper
She ain't only good for pussy, she be givin' me paper
Wife-in-law, my bitch be always keepin' it raw
Always slidin' out before the wifey walk in the door
They way she fuck me on straight for the night
Wifey still ain't make it home, I wonder if she workin'
late for tonight
Wifey actin' funny style but I ain't fuckin' with that
She ain't call the crib so I wonder where wifey was at
Hmmm... Shit kinda had me buggin' before
But now I laugh because wifey had a husband-in-law

When a woman needs love, just like you do
Oh, don't kid yourself, into thinkin' that you don't
Cuz she will fool around, just like you do
Ohh, don't kid yourself, into thinkin' that she won't
When a woman needs love, just like you do
Oh, don't kid yourself, into thinkin' that you don't
Cuz she will fool around, just like you do
Ohh, don't kid yourself, into thinkin' that she won't

Hey, how you're doin'
Can I buy you a drink?
Maybe take you out to dinner
Establish a nice comfortable relationship pretty
sweatheart
Get the fuck up out of here
I wish you get the fuck up out of here, you
motherfucking cornball
YEAH, WELL FUCK YOU
