Intro -Barry White

It feels so good

You lying here next to me

Oh,

Rick ross 1st Verse

I living underneath the telescope

Ciroc in my margarita in mehico!

Got a model with me that I seen on worldstar

Introduced her to the world of La pearla

Im talking S and M but got her screaming A to Z

Talking the type of cheese she used to think was make believe

I used to fuck em then I made em leave

Leaving things, I had a bucket full of maybeline!

I had a bucket of my favorite green

Open up the budget now its only major things

Most things, run ya half a ticket

Bugatti Boys, cop don't even write the ticket!

I got a few crips that wanna come and kick it

Catch blue balls if one of ya niggas bitches

I know the feeling gotta re-align your wills to life

Or better yet you maybe should write your will tonight!

Chorus

Barry White

Deeper and deeper

In love with you I'm falling, yeah

Sweeter and sweeter

Your tender words of love keeps calling

(Ross) adlibs

Lining up all my niggas bout to pull some major moves

Consolidate the game and suffocate the others
