Smile you see is just a frown  
But you can't tell 'cause it's upside down  
I play the part of a carefree girl  
Never fly for the only one

But take control to live  
And I'm sure that you see  
Heartache's, my darling  
Written all over me

And I owe it all to you  
Your all across my loneliness  
I owe it all to you  
For the heartaches that I possess

Yeah, this lonely Mrs Keep Me in mind  
Don't know how poor heartache's about  
All things are hard to solve  
Just sit back and watch your love gone wrong

My life will never be the same

And oh, my darling, you're to blame

And I owe it all to you  
For all of the loneliness  
I owe it all to you  
For the heartaches that I possess, yeah

Smile you see is just a frown  
But you can't tell 'cause it's upside down  
I play the part of a carefree girl  
You're a part of a lonely world

But you take control  
So now until you see  
Heartache's, my darling  
Written all over me

And I owe it all to you  
For all of my loneliness  
I owe it all to you

For all of my heartaches that I possess, yeah  
Ooh, yeah
