When the temperature dips  
I miss my baby's arms  
His tender finger tips  
Knows just how to keep me warm

It may be zero degrees  
With the snow falling down  
But I've got warm and tender love  
Just as long as he's around

It may be winter outside  
But in my heart it's spring  
How much joy and pleasure, baby  
Can one guy bring me

Winter nights can be awful cold  
Without someone to hold  
But when I have him next to me  
Baby, I'm in ecstasy

It may be winter outside  
But in my heart it's spring  
How much joy and pleasure, baby  
Can one guy bring me

Throughout my life  
I've had my share of guys  
But he's been the only one  
Who can make my temperature rise

Things are just not the same  
When he's not by my side  
But yet, I shouldn't complain  
But be waiting with my arms open wide

It may be winter outside  
But in my heart it's spring  
How much joy and pleasure, baby  
Can one guy bring me

It may be winter outside  
But in my heart it's spring

How much joy and pleasure, baby  
Can one guy bring me

It may be winter outside  
But in my heart it's spring  
How much joy and pleasure, baby  
Can one guy bring me
