Big men get all her love
With things they must do
I just called her, love
Over you, baby

And big men want big things, babe
And names on the door
But all I want is you, babe
Nothing more

'Cause I've got the world to hold me up
I've got the sky to keep me down
And no work on the earth is quite big enough
To risk this man around

I won't say, yes, when I mean, no
I'll never talk when they say, no
I'll catch your eye, let's see
Your love here with me and this no one can destroy
Oh, yeah

Pick me get big thrill
Looking down on me
But someday
Until they realize, then they'll see

That big men are small, babe
Just take away their dough
But I can't do nothing
No, no, oh, no

'Cause I've got the world to hold me up
I've got the sky to keep me down, no, no, no, no
Control a man that's free and I know I'm free
I'm gonna say it loud

'Cause I've got the world to hold me up
And I've got the sky to keep me down, yeah, oh yeah
