Baby you know I'm nasty by nature

Just when you thought that it was safe
I'll come along with a new twist
I'll share my wildest fantasies
You never thought it would be like this
Oh no

Chorus:

Anytime and anyplace
Oh yes
Not a second of time will go to waste
Everyday there's a little treat
We can be loud or discreet

I know you can't tell from the outside
But baby there is plenty in store
You know I'm as shy as they come girl
Until I get behind closed doors

I'm your sexy undercover
Girl I know just what you like
Your one and only lover
I'll surprise you girl every time

Girl I never want to be alone
It's like ice cream without the cone
One without the other
It just wouldn't taste right
Oh no

Chorus:

Anytime and anyplace
Oh yes
Not a second of time will go to waste
Everyday there's a little treat
We can be loud or discreet
