Love me, like the birds love to sing. Need me, like the flowers need the rain. Kiss me, make me feel real good.

Turn around and bliss me, like a lover should.

All these things, they mean just world to me. Without you,  
my darling, I will cease to be. I, I've got to have your heart  
and soul, oh yeah.

Want me, like a baby wants a toy. Please, let me be your  
pride and joy. Squeeze me, hold me real tight, then whisper  
sweet words to me in the middle of the night.

Without you my foundation would be gone. You're the very life  
in me that keeps me hanging on. I, I've got to have your  
your heart and soul now, ah yeah.

Sometimes things get too hard to pass. Just say "baby" and I'll  
be right there. Now don't you wait, don't you hesitate 'cause I  
don't wanna be a minute too late.

Girl, you really satisfies my soul. And truly this world of mine, dear,  
only you, only you, only you, only you could go. Your tender love  
can make a man act like this. And I tell ya, for your love I'd rather  
fight than quit. I, I've got to have your heart and soul, aha.  
When you need me, I'll be right there. You don't have to worry, girl,  
you don't have to care.
