Baptized in blood of vagina  
Church of necropsy  
Altar of necrophagia  
Maximum rotting corpse

Six thick shit in churches  
Art of butchery  
Birth of merciless legion  
Natural born butchery

All priest and lord died  
Temple of the new butchers seed  
Crisis of extinction  
The mountain of thousand corpses

Seeds were planted  
Butchers gathering around butchers  
No rest for was mongers  
Monarch to the kingdom of butchery  
Death militia marching on  
Yellow fog is fart of fag  
Blind, suffocate, stagnate  
Everlasting ABC war

Across the dying dawn  
Follow the smells of blood toward the butchery filled  
land  
Eternal merciless war  
To the ground of out forsaken vengeance

Ashes to ashes - dust to dust  
Nuclear winter comes on again

Black sperm of out destiny  
Follow the smells... of butchery  
Realm of butcher  
Jerusalen
