this is nothing that you've ever felt before the stage is
for you the chance swarms you who wants it like it was
before who wants it like Traffic like Zeppelin next to
Sheila she's a giant towering in blue jeans and your
heart is pounding who wants it like it was before 1974
hey sweet lady hey sweet lady where's your tricks
tonight yeah sweet lady yeah sweet lady am i it tonight
this is sorrow this is acrobats her meaning less
surrounds her the magnitude has found her who are
you trying to get back your living in '84 such a bore
let's burn it to the floor... at the bus stop neon tube
socks forgot to wear a top now i'm lost and found
