The light was empty my hands were still when I heard
the news
I already knew you already told me waves goodbye
I'm not saying the end it's going around you
Mandy you are here with me now
Mandy never far from me
Desperate raiding cupboards mixing gin and vodka
I honestly believe you kept me away from harm I was
seeking
See you made me safely
I'm at ease
I know you are
Running
Sweetness
I miss you
I miss you
And once upon a time a 10 year old girl
And Mandy you picked me
You picked me
Goodbye
I'll see you when I see you when I see you again
I'll see you when I see you again
