I've been searching for some connection
To put a finger on the way you think
And I've been looking out in every direction
It keeps feeling like my heart's gonna break

So I'm saying goodbye
No tears I cry for you
I've done all I can
I've been a good man for you
But you're heart's cold as ice
And mine's payin the price for loving you
So baby I'm saying we're through
We're through

Like it or not hey baby I'm saying we're through

At the party on the night I met you
You smiled and told me I could drive you home
And then you kissed me in the corner of your doorway
Should have known it would never last long
You spent some time out in San Fransisco
Thought the ocean was a nice getaway
And then you left me in the corner of the diner
Well we were both supposed to meet that day

So I'm saying goodbye
No tears I cry for you
I've done all I can
I've been a good man for you
But you're heart's cold as ice
And mine's payin' the price for loving you
So baby I'm saying we're through
We're through

Yeah Like it or not hey baby I'm saying we're through

Don't wanna hear about your hard luck stories
Or wanna hear where your life went wrong
'Cause you've been living for your morning glories
And nothing for nothing is what you did all along

So I'm saying goodbye
No tears I cry for you
I've done all I can
I've been a good man for you
But you're heart's cold as ice
And mine's payin' the price for ever loving you

Yeah I've done all I can
I've been a good man for you
But you're heart's cold as ice
And mine's payin' the price for ever loving you
So baby we're though
Oh we're through

Yeah like it or not hey baby I'm saying we're through

Heart's cold as ice
