[Chorus: x2]

I don't know if this is love
Or is it just a crush
I don't think it's just a crush
Or is this real love

[Verse 1:]

I never knew what a crush was
Never knew what love was
Until I caught you lookin' at me
Now I know what it feels like
It was love at first sight
You took my breath away (I can't breath)

[Chorus]

[Verse 2:]

I never knew what a crush was
Never knew what love was
Until I felt you deep inside me
Now I know what it feels like
I feel like a bird flying
Boy I just wanna fly free
Spread my wings and go
Let my love overflow
So boy I should let you know

[Bridge:]

I don't thinks this is love
This isn't even a crush
Music Royale drop the beat

[Rap: Coco Butta]

Coco Butta be the name yo
Butta Creame be the clique that I claim yo
I'm as real as they come out the hood
How you gonna try to play me like it's all good
Boy I wish you would check out my background
I was sixteen serving at the crack house
Why do good girls wanna fall in love with thugs
When we know wassup they just wanna crush

[Verse 3:]

I never knew what a crush was
Never knew what love was
Until I felt you lips kissing me
Now I know what it feels like
It feels so hot inside
Boy I just need to release
Spread my wings and go
Let my love overflow
So boy I should let you know

[Chorus: till fade]
