Push me over the edges, push me over the edges

Suffocating the senses  
You strip me defenseless, I know you  
Images reflected  
I'm raped and molested, touched by you  
(And I won't hide till I've gone through)  
Perception over reality  
And what we see is not always what we see  
Deeper inside  
You'll find your eyes lie, judge not this time

Alone

Distorted dreams in the silence  
No vital signs just the violence  
Tortured frame is empty  
Scars on my body just ghosts to remind me  
I burn

Still reflection disturbs you  
Twin perception unnerves you

Split in two  
(your mirrors pushing back at you)  
Beautiful brutality  
Self-inflicted these cuts my company  
Opposite sides of this coin  
Try both sides  
I'm yours you're mine

Alone

You scream like a symphony  
Wicked trick has left me in agony  
Your malfunction is needing  
Vertical scars and proof of the bleeding  
You burn

Your twin with you  
Within the burning  
Alone, you'll find

I am your twin  
With you within alone

I burn....

I won't let you burn down.
