Now let me tell it like it is I've seen some shady ass  
people in my day but let me tell you who... them hataz  
you can't trust um for shit, one minute they be laughin'  
with your ass, the next second, they're cuttin your  
fuckin' neck

Don't trust me on nothin' 'cause that's against your bet  
I lie about it all anything I project,  
Your safety is an issue I'll be rippin' through tissue  
And tear about your limbs once I come and get you  
I can have a normal conversation and be straight  
In a flash of seconds your neck I lacerate  
I'll be drivin' my car with the sun shinnin' in  
And then I drive head first in a garbage bin  
See it's a thing about trust that I don't have  
I'm about to make a mother fuckin body bag  
The issue here is don't trust bc,  
You might get chopped from my lame disease I'm a  
killa

Don't trust us cause you don't know  
The shit you say makes me explod  
Runnin' all day can't feel my soul

I let you get close until you feel relaxed  
Another body broken back as airless lungs collapse  
I can not keep you so I reap you doctors asking for  
restrains  
But not a soul can maintain so I'm spattering brains.  
Strait forward I thrust into this issue of trust  
Check behind me I must paranoia it sucks  
See me walking talking fine everything is all strait  
Till my hands rip and brake your neck can not  
contemplate  
Now tell me how do you feel when no body can deal  
Not a person is true not a person is real  
Are you the only kid feeling horror from this system  
Or am I the only one, one true victim I'm a killa

This is where we get off everynight  
I like to share those needles hit those pipes get funky  
But everything just ain't all right

Solo that shit in my brain because I can't maintain get  
up and change  
Mistrusted never loved it tossed in the back  
Now you ask me for my word I spas panic attack

The thoughts I'm over thinking it floods out  
When I'm speaking pratly deeply leaking  
The trusting I ain't deaking I'm hearing  
Strange voices that tell me wicked things  
Don't trust me I'll make you hear the demons sing  
mother fucker

Rxc-don't trust us!
