Cause I'm going down going down going down going down

To florida some one explaine the life that I'm living

Sittin' in tha sun, bout to make a beer run,
Call my boys up, tha joys up lets start tha fun,
I be the mackin' cracka lackin' neden tappin' ass
smackin'

Bring the bitches to the beach know it's about happen
N it's crackin' naked volley ball, bitches only
Cause I ain't down ya'll dudes balls no not at all

I'm not hating how I'm living or the people that I'm
giving
Fill the cup I start the sipping and the problems go a
dripping
Melting right away ok and my homies do the same
Rapping making finding my happy plane
Make my dreams come true that's all I wanna do
Have a healthy happy life to share with me crew

Scrongin' for change, broke tha bills I barley pay
But somehow it feels like I'm in heaven anyway
You live life in the excipade, parade hope you don't
blow it
Like a grenade, in florida mind' as well pull it

I hate the fake world and all the lies that they sold us
But for now I take a brake and live life to the fullest
All you need is your people and it will be like wow
I was in trouble for a minute but I'm all better now

I come home from work and wash my face with dirty
hands
And it feels so good because I know I'm a man
Doing everything I can to stay up on my self
I'll never drown or put my boots on the shelf
Forward is the direction that were moving
Don't get left behind or you will lose what your pursuing

Another orlando party baby heats up to 80
Don't be actin' shady might catch our bad side

Maybe, so touch a fake tit make my dick drip
Take ontha sip, reach for money funny
But then that shit hits and crumbles like bricks
Another day dream gets flipped like a bic

BROKE BITCH
