You took a shot at us like we where never gonna bust
But surprise cause this time fighting back is a must
Crumble do your fortress walls reping rights for one
and all
You were scares when I wasn't I watched your feeling
evolve

Even when separate a united front you did face
See my victory dance p=istols cut rug in the place
Can't hold down what is right this force can not be
stopped
B-Dub-C rain supreme the victors come out on top

You wanna use my case to displace me with haste what
I chase
Check my poker face I'm LAWYER LACED!
Laughin' as you text this whole shits a joke
You know we're gonna destroy this phoney hoax punk
bitch
