I smiled to you, you walked away
I wanted you to come to me and say.
I love you, do you love me?
Yes I do, but we couldn't be.

Now it's all messed up, and my hope is gone
You stole my heart, and now it's time to move on.

Every little thing I had to follow
Became just a big and unfair sorrow
Everything was just wasted.
Every little time I was you dove
Wont be it next time, I fall in love.
Finally I'm free.

Now you're gone, still gives me pain
When I'm standing, in the rain.
And it's hard enough, to try forget
What you did, and didn't regret

Now it's all messed up, but I have to realize
That I should stay away, from those guys.

Every little thing I had to follow
Became just a big and unfair sorrow
Everything was just wasted.
Every little time I was you dove
Wont be it next time, I fall in love.
Finally I'm free.

And I still believe, in destiny.
But I know, that you and I wasn't to be.
We walk our way, not together.
That's gonna be the way, forever.

Every little thing I had to follow
Became just a big and unfair sorrow
Everything was just wasted.
Every little time I was you dove
Wont be it next time, I fall in love.
Finally I'm free.
Every little thing I had to follow

Became just a big and unfair sorrow
Everything was just wasted.
Every little time I was you dove
Wont be it next time, I fall in love.
Finally I'm free.
And nothing can stop me.
