Carefully I listen
To the sweetest poem of all times
I secretly adore you
And lick your feet for one more perfect rhyme

Now it's time to show, show my gratefulness
To you, you the inspiration I have waited for so long
For so long
You are the greatest

I practice allegories
My tongue's a stone, where words are stuck behind
I live for your opinion
I'll be climbing any given rope

My gratefulness I show
To you, you the intoxication I have waited for so long
For so long
You are, you are the greatest poet I have ever heard

And now we can be a line with rhyme (we never grow)
Yeah, now we never grow

Now it's time to show, show my gratefulness
To you, you the inspiration I have waited for so long,
For so long
You are, you are the greatest poet I have ever heard

Carefully I listen
To the sweetest poem of all times
I secretly adore you
And lick your feet for one more perfect rhyme

Now it's time to show, show my gratefulness
To you, you the inspiration I have waited for so long
