Choking on your reputation  
Acceptance is a mile away  
Happiness comes with a fucking price  
Suffocate on your guilt and desires  
You just turned beauty into a disfigured swine  
There is now a score to settle  
Revenge seeps out my pours  
I'll wash it away with blood

Wrapping my hands around your neck until vision  
impaired  
And yet I still lose myself in your cold dead eyes

You're my delusion  
My ghost  
My mistake  
I remain the fool  
Drowning in self deception  
Manipulated and left to rot  
Manipulated and left to rot

Wrapping my hands around your neck until vision  
impaired  
And yet I still lose myself in your cold dead eyes  
I've put up with this for far too long  
I surrender to your silver tongue  
I surrender to you  
I surrender to you  
I surrender to you
