Intro. (12-Strings Electric Guitar)

Don't doubt yourself babe

Let your feet stand up for your beliefs babe

I know what's running through your mind

You think you ought to capture time

Make love walk the straight and narrow

Oh,oh,oh

Don't doubt yourself gal

Let what's inside be your guide you know darn well

For all the wrongs been done to you

Is makin' you prettier so don't be blue

The life you've lived and what you've been through  
you're lucky

Oh,oh,oh

Don't doubt yourself when

Daylight fades and darkness begins

It's only come to show you that

You're the one who knows where it's at

The rest who think they've got it pat know nothing

Oh,oh,oh

Instrumental (12-Strings Electric Guitar)

Don't doubt yourself 'cause

At the end of your words no one applauds

The truth is proven to be found

Harder to take the first time around

So don't you worry it's gonna be all right

Oh,oh,oh
