i can think what i feel  
'cause i know its real  
and i know i love you  
and you came in my world  
and showed me whats real  
and i know my heart is yours to hold

'cause you you gave me hope  
and you you showed me you cared  
and you said i was your best friend  
and then you told me you'd love me forever

so wait please take my hand  
'cause you want my heart and i wanna give it to you  
'cause i want to lay by your side for the rest of my life

today will you please be my wife  
will you

'cause you you gave me hope  
and you you showed me you cared  
and you said i was your best friend  
and then you told me you'd love me forever  
yeah you told me you'd love me forever

'cause you you gave me hope  
and you you showed me you cared  
and you said i was your best friend  
and then you told me you'd love me forever  
yeah you told me you'd love me forever
