I know that you're leavin', it feels like you're gone
I tried to stay by your side, and I tried to be so strong
I tried to stay and be everything that I could for you
Daddy sunshine rain all I bring to you are cloudy days
and you're gone

You left on a late night train, headed out of town in the
pourin' rain
Left me cryin' all alone
Didn't even say goodbye, just a note on the pillow that
made me cry
Said that you're leavin', turned and gone, oh but you
said I did nothin' wrong

I know that I was not the right guy then for you
But I stayed by your side and I tried to be so true
If I did nothin' wrong, then I guess the blame's on you
How many hearts will you break before your daddy
buys one good enough for you?
Good enough for you, oh

You left on a late night train, headed out of town in the
pourin' rain
Left me cryin' all alone
Didn't even say goodbye, just a note on the pillow that
made me cry
Said that you're leavin', and turned and gone, oh but
you said I did nothin' wrong

One day you'll look and see and when it all comes
crashin' at the sea
Close your eyes and baby think of me
When you're drivin' all alone and the voice is singin' to
you my song
The one where you said I did nothin' wrong
Baby, now look who's all alone
You're all alone
You said nothin' was wrong
