Fourth Dimension  
Request Of Evil's Empire  
Devastation  
The graveyard of reckless crimes  
Void and despair  
Captive in madness of your brain  
Time is unreal  
Invisible world in darkness reign

(Chorus)  
Now we're crumbling in devil's way  
Stranded in darkzone there's no escape  
The gates of hell in twilight float  
Around us just see dust and bones  
Time and space are crossing our lives  
Fear and terror burning like fire  
Stranded in Darkzone we all shall die!

There's no perception  
Feelings of agony rise  
Are we lost forever?  
Never-ending maze or never-land?  
Beyond this world  
The escape of dreams you cannot see  
Losing our hope  
Delusion of reality

(Chorus)

Solo: Roveran/Perfetto
