I must say my life should mean much more  
On a shelf my potential ignored  
They betrayed the veins  
That breathed me life  
Turned their backs on all  
That pulled the knife across my throat

I'm not saved  
Holding your head up high  
I will bury your pride  
And it will follow you down  
On the wings of my soul

Aged against my will held accounted  
Life's achievements I've never found them  
I'm a waste

I'm not saved  
I will smother your pride  
On the wings of my soul

I will burn my scars away  
All my childhood memories
