Hey superfly
Give this lonely girl a try
There's no need to be shy
Cos your my kinda guy
Now I'm weak at the knees
And I'm begging pretty please
Won't you be mine

So damn fine
And I love you one time
So damn fine
And I love you love you two times
So damn fine
And I love you three times
So damn fine
And I love you love you

Hey babe what you say
You and I go somewhere quiet
Cos you know I cant deny it
I want you and I just can't hide it
Hey boy lets enjoy
This while we've go the chance
Got the perfect circumstance
So come on show me how to dance

Hey superfly
Give this lonely girl a try
There's no need to be shy
Cos your my kinda guy
Now I'm weak at the knees
And I'm begging pretty please
Won't you be mine

So damn fine
And I love you one time
So damn fine
And I love you love you two times
So damn fine
And I love you three times
So damn fine
And I love you love you

Hey you how do you do?
Make tonight as sweet as honey
Cos you got me feeling funny
Butterflys buzzing in my tummy
Hey darling think im falling
Head over heels tonight
In love at first sight
Takes me from that first bite
Hey superfly
Give this lonely girl a try
There's no need to be shy
Cos your my kinda guy
Now I'm weak at the knees
And I'm begging pretty please
Won't you be mine

So damn fine
And I love you one time
So damn fine
And I love you love you two times
So damn fine
And I love you three times
So damn fine
And I love you love you
Wanna make you mine

So damn fine
And I love you one time
So damn fine
And I love you love you two times
So damn fine
And I love you three times
So damn fine
And I love you love you
So damn fine

Hey superfly
Give this lonely girl a try
There's no need to be shy
Cos your my kinda guy
Now I'm weak at the knees
And I'm begging pretty please
Won't you be mine

So damn fine
And I love you one time
So damn fine
And I love you love you two times
So damn fine
And I love you three times

So damn fine
And I love you love you

Hey superfly
And I love you love you
There's no need to be shy
And I love you love you
Hey superfly
And I love you love you
There's no need to be shy
And I love you love you
