It only takes a little bit of glamour glimmer  
only just a little bit of shake-or-shiver  
nothing never matters 'til it's shattered  
spluttered and covered splattered all over my ???

sha, sha, sha sha sha-dooie  
sometimes it's really just like the movies

was a glimpse a little bit of nothing make a difference  
and nothing's been the same since the chain of events  
it's the place where dreams come true  
dreams can still be nightmares too

and ah sha, sha, sha sha whoa whoa  
so much it's close enough for rock 'n roll

shoulda told me the world? was gonna tie me back a  
sweater  
poets from the days of old have never said it better  
sometimes it really glitters and sometimes it's even  
gold  
baby when it isn't then it must be rock 'n roll

and ah sha, sha, sha sha sha-dooie  
sometimes it's really just like the movies

sha, sha, sha sha sha-dooie  
sometimes you just stay home and watch movies
