I'll take any one  
New York to London  
They say "Brave men run" to the sound of a gun  
I'm fixing to hit you

You'd better make  
You'd better make your bed tonight  
You'd better take  
Take your breath tonight

I'll take every one  
New York to the sun  
They say "brave men run" to the sound of fun

You'd better make  
You'd better make your bed tonight  
You'd better take  
Take your breath tonight

I'm fixing to kiss you

All night long
