I don't care,
Won't you give me that star that Shine Down.
I'm so rare,
If you show me that I'm on your mind now.
When your Dreamin'.
You can't Believe anythin',
But I got reasons to Race,
That can change us,
Walkin' down in the rain.
You turn around, You wanna' leave.
You can't be fooled, You can't believe but trust me baby,
If you rather see the way.

If you let it, If you let it Shine Down, If you let it, If you
let it Shine Down.

I don't care,
Won't you give me that star that Shine Down.
I'm so rare, If you show me that I'm on your mind now.
When your Dreamin'.
You can't Believe anythin',
But I got reasons to Race,
That can change us, Walkin' down in the rain.
You turn around, You wanna' leave.
You can't be fooled,
You can't believe but trust me baby,
If you rather see the way.

If you let it, If you let it Shine Down, If you let it, If you
let it Shine Down
