Hey, hey!
If you find the time,
Come on back, hey!

When I first met you, where something like the perfect
woman,
Girl, you made me feel like I was your number one
Now you barely talk to me
A text is the only way we speak
I can't get no affection,
I think we're moving in the wrong direction.

Chorus:
What do we have, wanna go back
To the way that it was
How can ...
I need to find my love, my baby
Where did she go?
Where did she go?
Where did she go?
If you find the time,
Come on, back
To the girl that I used to know, hey!
Hey, hey!
If you find the time,
Come on back, hey!

Would you do me a favor?
Come over there and look in the mirror!
Tell her that I really miss the way that she used to be!
Tell her that I love her, that I know I still need her
Ask her if it's still a chance for us
To put this back together!

Chorus:
What do we have, wanna go back
To the way that it was
How can ...
I need to find my love, my baby
Where did she go?
Where did she go?

Where did she go?
If you find the time,
Come on, back
To the girl that I used to know, hey!
Hey, hey!
If you find the time,
Come on back, hey!

Has anybody ever seen my baby?
Oh, I wish that I could see my baby
Cause it's been far too long since I've seen her
I need to know where did she go, oh!
Has anybody ever seen my baby?
Oh, I wish that I could see my baby
Cause it's been far too long since I've seen her
I need to know where did she go, oh!

Chorus: (x2)
My love, my baby,
Where did she go?
Where did she go?
Where did she go?
If you find the time,
Come on, back
To the girl that I used to know, hey!
Hey, hey!
If you find the time,
Come on back, hey!
