Oh, so many ways to say the way I'm feeling!
Oh, but if you took one look at me I wouldn't have to say
a world
Feels like butterflies inside every time you're here with
me, yeah!
From the start you made me feel ...
Oh, my heart is set only loving you!
Dream up, speak up, and everybody knows it but you
So here's what I wanna do you!

Chorus:

Let me leave you with a kiss, good night!
Oh baby, baby!
You're the one in my heart..
Baby, leave you with a kiss, good night!
Let's become more than friends,
So before the nights ends, baby,
I'll be leaving you with a kiss, love!

Oh, can't you see that I'm trying to get your attention!
Yeah, wanna impress you, every chance that I get
Oh, if you want, I could sing your favorite face to you,
girl!
I will baby!
Oh, my heart is set only loving you!
Dream up, speak up, and everybody knows it but you
So here's what I wanna do you!

Chorus:

Let me leave you with a kiss, good night!
Oh baby, baby!
You're the one in my heart..
Baby, leave you with a kiss, good night!
Let's become more than friends,
So before the nights ends, baby,
I'll be leaving you with a kiss, love!

If it's all right let me show you how I feel about you
tonight!
Let me leave you with a kiss, love!
I worth the time, baby you should let me, let me!

Let me leave you with a kiss, good night!
Oh baby, baby!
You're the one in my heart...
Baby, leave you with a kiss, good night!
Let's become more than friends,
So before the nights ends, baby,
I'll be leaving you with a kiss, love!
