Whoever said when it rains it pours,  
Knew a thing or 2 about relationships  
They say the time heals all wounds  
But I feel like my time's slipping away

I never ever felt this cold  
When it's so warm outside  
I gotta keep protection I know  
Cause these raindrops' freezing my mind  
Has got me thinking 'bout, has got me thinking 'bout  
The way you make me feel and words I can't describe it  
now  
Has got me thinking 'bout, has got me thinking 'bout  
How I can't get over you

I got these raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you  
Raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you

You know, things haven't been the same since  
Since you've been gone  
I gotta get you back somehow, damn

The weatherman said today would be sunny  
But he was so wrong  
Cause you just walked away from me, from me  
It's coming down, down, it's coming down, down,  
down,  
I'm cold, I'm cold, I'm cold without you here with me  
And I know, I know, I know I can't be warm until you're  
with me

I got these raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you

Raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you  
It's coming down, down, it's coming down, down,  
down,

The weatherman said today would be sunny  
But he was so wrong  
Cause you just walked away from me, from me  
It's coming down, down, it's coming down, down,  
down,  
I'm cold, I'm cold, I'm cold without you here with me  
And I know, I know, I know I can't be warm until you're  
with me

I got these raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you  
Raindrops falling on top of my head  
And I just don't know what to do  
Raindrops falling on top of my head  
I'm cold when I'm not with you.
