A song is worth, ah, ah no
Ah, a picture is worth a million and one songs
Now a million pictures, no

A song is worth a million pictures
But a song must be worth a million pictures also
Because we've got this song here
And it's worth a million pictures

And we wrote this song
And you should just listen to it
You can almost just picture the million pictures that we
have
'Cause it's got more than a million words in it

And we wrote this song
'Cause we didn't have the camera
To take the pictures
So listen to this
