My mama used to tell me
She said love is crazy thing
It comes when you're not looking
And then it tries to knock you off of your feet
Now I've known forever, and I can truly say
That I never ever ever thought that you
Would bring love to my way

Cos I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(I know this love was supposed to be)
Cos I feel yes I feel it
All over me

This is your night tonight
Everythings gonna be alright
(gonna be alright)
This is your night tonight
Everythings gonna be alright
It's funny how you never
You never know which way that love will go
Sometimes it comes so quickly
And other times it creeps up nice and slow
So here we are together
And I'm feeling fine
I'm feelling coming heaven
Like I can touch the sky

Cos I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(I know this love was supposed to be)
Cos I feel yes I feel it
All over me

This is your night tonight
Everythings gonna be alright

(gonna be alright)
This is your night tonight
Everythings gonna be alright

Now I know I can explain it
I know I can contain it
Oh, was just kinda knew
That love has finally come on my way

Cos I found love
(I found love right in front of me)
I found love
(I found love waiting patiently)
And I know this love
(I know this love was supposed to be)
Cos I feel yes I feel it
All over me
