JD turn it up, ya heard me, yea
C-Murder, uh huh, oh, yeah mm
Ha what? Uh huh, uh, ah ha, ah ah
Uh huh, uh huh, uh, ah ha, ah ha
Uh ha, Brat, C-Murder

You talk a good one shorty, you make me sweat
How a thug nigga like a girl?
Nice and wet
You makin' me hot and horny with what you poppin' so
far
How a Tru bitch like it C?
Nice and hard

You kinda fly, you kinda shy, wha'cha eat, wha'cha
drive?
Did you like them ghetto boys the ones who that make
that noise
You know I'm thugged out, you know I do this, you know
I do that
And for a fact, you know I do things that make my
pocket fat

'Cuz I'm Tru, I hang with the man, you gave me the
game
And plus some fame, and now y'all scream my name
Call me a jogger, 'cuz you got me sweatin' your style
I ran a couple of miles and some, see where I'm comin'
from

I like 'em smooth, with cat eyes, and iced-out, and
show 'nough
Could be the handcuffs, that rough stuff
You talk a good one shorty, I mean that
Now won't you lay on your back, let a thug between that

You talk a good one shorty, you make me sweat
How a thug nigga like a girl?
Nice and wet
You makin' me hot and horny with what you poppin' so
far
How a Tru bitch like it C?

Nice and hard

You talk a good one shorty, you make me sweat

How a thug nigga like a girl?

Nice and wet

You makin' me hot and horny with what you poppin' so far

How a Tru bitch like it C?

Nice and hard

You kinda sexy, you kinda ghetto, with them slugs in your front

C-Murder, can you hold me down, give a thug girl what she want

Money and nice cars, a house with a pool in the backyard

Take me shoppin' with No Limit, on the credit card

[Incomprehensible] this shrimp, push a Lamborghini ta sick

Drink Crystal when it's cold, I wanna mint the stick

Go on and do this, and do that when you come home, to Brat

You'll never want another girl again, this thug blew that

[Incomprehensible]

Gimme the loot, so I can cop a new Jag

And Brat dat I got it from you, with a 45 caliber too

In case a nigga run up on me, I got somethin' to shoot

You talk a good one shorty, you make me sweat

How a thug nigga like a girl?

Nice and wet

You makin' me hot and horny with what you poppin' so far

How a Tru bitch like it C?

Nice and hard

You talk a good one shorty, you make me sweat

How a thug nigga like a girl?

Nice and wet

You makin' me hot and horny with what you poppin' so far

How a Tru bitch like it C?

Nice and hard

We ride together survive and die together

I ain't leaving you never, tougher than leather, make it last forever

That's what I need Brat I hope you mean dat

But yet these cat take these keys

Let me show you where the cheese at

I can love you innocently, bring home at least 20 G's a week

From hustlin' in da street

Uh huh, and I'ma take dat, then hit dat then flip dat

Then finish wit dat and hit you back

And we could take a trip cruise on a ship

Now I hold it down for you, you hold it down for me

Let show 'em how thug passion's supposed to be

Uh huh and I'ma ride for you

If you ride for me I would even die for you

Now would you die for me?

You talk a good one shorty, you make me sweat

How a thug nigga like a girl?

Nice and wet

You makin' me hot and horny with what you poppin' so far

How a Tru bitch like it C?

Nice and hard

You talk a good one shorty, you make me sweat

How a thug nigga like a girl?

Nice and wet

You makin' me hot and horny with what you poppin' so far

How a Tru bitch like it C?

Nice and hard
