See ? is where I met you. I was rocking a Gucci sweater
with little chedar. I chose ya out ? and I never wrote you
a love letter but it was love at first sight. I tapped it on
the first night, you aint played yourself. I never played
ya or disrespected. I kept you on the dresses i kept you
so clean shinning like brand new triple beam. Got ???
hate Let them others hate, yeah they hating from a
distance cause they know about your irrisistance.
Submission with hopeless resistance I rubbed my
fingers in your extensions. Me and you ? got me
praying til my ?
My heater by my side ride with me shorty says she
gonna die with me

(chorus)

Mihita, she always got my back incase them homies try
