I think about you a lottake care I wanna do
And I wish I think about you all the time my life.
I think about you a lot take care, do you wannado?
Of course I know your situation backwards too

See my eyes, (in my eyes) see my lips (in mylips), See
my face
(I would like to know what you really think I wanna)

I don't know why I don't know why I love you baby
I don't know why I don't know how to put it baby, I don't
know how to do

Long time no see anything new down your way canyou
hear this
She is not fussed about my news I don't care
I'munderstand
Long time no see anything new down your way canyou
hear this
She is not fussed about my news world you mindlook at
me boo

I think about you a lot take care I wanna do
And I wish, don't be silly she is popular
I think about you a lot take care, do you wannado?
Everyday I want you in my life all about you

See my eyes, (in my eyes) see my lips (in mylips), See
my face
(I would like to know what you really think Iwanna)

I don't know why I don't know why I love you baby
I don't know why I don't know how to put it baby, I don't
know how to do
