[Yonghwa] The dark hour forced me out here  
The ticking of the clock  
Hey, can you see me?  
Here I am waiting for some kind of miracle  
And then break away

[Jonghyun] Mitsuketai mitsukaranai  
Honno isshunga

[Yonghwa] Come on over  
Come on over  
I only wanna see the light

Come on over  
Stand by me  
Tsunagiau netsuga

Come on over  
Come on over  
Bokura terasunara

Come on over  
Stand by me  
Hitotsuni nareruhazudarou

Come here, to my fading star  
Now I am alone  
Hey, can you see me?  
Kisekiwo motome hitasurani  
Migaita yume

[Jonghyun] Mitsukaranai kumorino nai  
Miageru beki sora

[Yonghwa] Come on over  
Come on over  
I'm not doubtful with you

Come on over  
Stand by me  
Hikareau yubiga

Come on over  
Come on over  
Karami atta nara

Come on over  
Stand by me  
Ureimo tokasu hazudarou

Come on over  
Come on over  
With our mirror be my sword(?)

Come on over  
Stand by me  
Tewo nobaseba iii

Come on over  
Come on over  
Motome atta nara

Come on over  
Stand by me  
Hikariga sasusoudarou
