You said me why you live so boring it maybe so right,
didn't denial

I wanna make a time to seek me alone just I wanna
keeping on my step

You come up in front of me I wonder in my eyes
I know that how wonder brilliant things are in my life

It makes me changed all because I have a dream that
is a song for you
I can sing a song till to the end

If I can't meet you still, forever
I don't know what will be happen to me now
I know that it something most important now yes that is
you
Even if slow compared with other one, it doesn't matter
anymore to me
It is a timely encounter of destiny it's never too late

I say you listen to my breathing
It is a belief of dreaming yeah certainly
I won't be I'm in the past any more. Former trivial every
day
Was practice of the purpose which can meet you at all
I wanna shout and unbearable to the anymore

It makes me changed all because I have a dream that
is a song for you
I can a sing a song till to the end

If I can't meet you still, forever
I don't know what will be happen to me now
I know that it something most important now yes that is
you
Even if late compared with other one, it doesn't matter
Anymore to me it is a timely encounter of destiny
It's never too late

If I can't meet you still, forever
I don't know what will be happen to me now
I know that it something most important now yes that is
you

Even if late compared with other one, it doesn't matter
Anymore to me it is a timely encounter of destiny
It's never too late
