Wassup you guys
Do you wanna play?
Are you ready CNBLUE?
We're so hungry for something
Microphone check up
Ok let's go

Hey babe It's rainy day
I can see the road in the rain
I have long sword
Makes me stronger

I'm not weak man
I will go to the world
I don't need any more word
I seem to have set a trend

Cause you're my love
Just please your voice put your hands up to me
Cause you're my love
Just please your voice put your Thumbs up to me
Big stage a lot of fans how what you to look at me
I'm searching for the light you can get the light you can
get our whole life

I want you to look at me look at me be with me be with
me
Please show me the light
I want you to look at me look at me be with me be with
me
You are my everything

If you give me the truth
I'll show you
Let's wait until the final round

If you wait for me
I'll show you
I just wanna show everyday

Hey babe it's sunny day but
I also run away

Tic toc don't wanna waste the time
I wanna keep on

I'm not weak man
I will go to the world
I don't need any more word
Be your leader
We will do and many fans

Cause you're my love
Just please your voice put your hands up to me
Cause you're my love
Just please your voice put your Thumbs up to me
Big stage a lot of fans
I'll show you makes me stronger
How what you to what

I want you to look at me look at me be with me be with
me
Please show me the light
I want you to look at me look at me be with me be with
me
You are my everything

If you give me the truth
I'll show you
Let's wait until the final round

If you wait for me
I'll show you
I just wanna show everyday

I got your love and
I saw your eyes you
Looked at me and smiled at me sometimes
When I sing my songs you say
"I can feel your emotion I wanna feel"

I want you to look at me look at me be with me be with
me
Please show me the light
I want you to look at me look at me be with me be with
me
You are my everything

If you give me the truth
I'll show you
Let's wait until the final round

If you wait for me
I'll show you

I just wanna show everyday
I just wanna show everyday
