"Try Again, Smile Again"

Visit "[Try Again, Smile Again](#)" on MotoLyrics.com

Yo, I never lose myself... everyday
I can get pressure at times
I'm gotta try again and back again
I'll try it all night
Let's go

More, bigger halls and albums
Don't lose my first intention

I never lose myself everyday
More, bigger home
And bling-blings we got more concentration
I never lose myself everyday
I can get pressures at times
But I am strong and I try to sing all night

I don't like same songs
And I don't like same sounds
I just love to try all night
I'm gonna try again, try again,
Back again try it all night
I never give up forever
Try again, try again, back again
Time to try
I want to try to show all night

More, bigger car and concert
Don't lose first my big passion
I never lose myself everyday

More bigger world and listeners
We do more gig in many nation

I never lose myself everyday
I can get pressures at times
But I am strong and I try to sing all night

I don't like same songs
And I don't like same sounds
I just love to try all night

I'm gonna try again, try again,
Back again try it all night
I never give up forever
Try again, try again, back again
Time to try
I want to try to show all night

Try it all night, all night...

I'm gonna smile again, smile again,
Back again smile all night
I'll never cry, forever
Smile again, smile again, back again
Time to smile I want to try to smile all night

Try again, try again, back again
Try it all night, I'll never give up forever
Try again, try again, back again
Time to try, I want try to show all night.

Ohhh~ dudurududu durudurududu~
