Come on wiley man  
Your a pussy man don't call mah name ever  
My sisters nothing to do with this

Sister is a slag  
Works by the bag  
Times you've been stabbed  
Addictions what u have  
Wiley i know your life must be stressful  
Your nearly 30 and not commercially successful  
Poor wiley that's what you get guys  
When your signed and you start talking shit about pies  
Wiley's a pedophile gone crazy  
He's given up on fuckin girls his age  
Now he'd rather fuck baby's  
Not ladies  
He's more like r kelly than jay z  
It's like if he was in a position to fuck show the hammer  
He wouldn't really wanna fuck sadi  
Wiley your far from poor  
But your video was the cheap version of jay-z's on core  
Your sisters a whore  
Wiley your not raw  
I never gave you my number what the fuck you ringin  
me for  
(you agen) don't act like u want a war  
You didn't want it when wonder kicked you in your jaw  
Or tha first time you got bored  
Wiley fuckin children's against the law  
Especially when your one year past 24  
On mah hands and feet i can count 'em  
The sells of your album  
Parents hide your kids when wileys around them  
Wiley likes 2 fuck little kids  
I should nominate the pervert for the fuckin sex  
offenders list

Sister is a slag  
Works by the bag  
Times you've been stabbed  
Addictions what you had

Yeahh... so what if i said jenay is a slapper  
You can't do nothing your a pussy  
You let dizzee get pulled up in dapper  
I'll say what i like  
You can't batter me  
After you was getting boydem choice fm while meggo  
and dizzee clashed asher d  
Silly willy come on  
Whose rough  
You ain't talkin 38 while gettin stabbed by 2 tough  
Are you still eattin that little youths muff  
U mug  
You was in secondary whern she was two blud  
Fuck the nigga that made eskimo  
At the end of your video tryna buss a tucksido  
Your buttaz  
You ain't no ladies man  
Your a pussy gettin punched up by baby sham  
Wiley your gettin borin  
Your album flopped(sorry wiley your dropped from 'xo'  
recordings)  
Your album and single did poorly  
Dats ridiculous  
You just about scraped into the top 40  
I'll put your cards on the table  
Your second to the rascal in your label  
Still sniff repro coke in your naizle  
Scratchy still given you anal  
Is that still work in your face or flow down with another  
facial  
Jenay is a sket  
I fought that u knew  
Jay 2k took your voice and used it better than you  
Wiley watch what you say blud  
You better be smart  
Make the wrong move in north west in takin the tee  
spark  
Your underground career was dyin slowly  
Now your relyin on trim to get you back in  
But you look like any tramp on lord of the deck  
In your video top what and done up strangle your neck  
Wiley you was mah best mc back in the day  
But these days u can't even move at mahh pace  
Fuck if your friends with ace  
You better know your place  
And fuck tredin on thin ice u pussy  
I'll tred in your face
