Yo, yo (12x)

Don't ya know

Yo Bashy

And I move like bore

Shank

Wet what if it's not

That your gettin nicked

With my korsh?

If you ever try

Getting next to my dosh

Or if you ever try

Get next to my Porsche

Your heads coming off

You lil tart

Take off your bra

Are you sexin or what?

I'm gunna ram

Your neck on my cock

And then your gonna fuck

My bredrin or what?

It's a laugh

It's a laugh

Until you get shot

Or your gettin' birded?

In the dark

Cuz they caught you

With rocks in your sock

And when you come out

You can't get a job

These little nobs

Don't understand fully

They just care about babes

And hoodies

They're on a hype till

They end up like trife

At the end of kidulthood

(2x):

Gotta go

From kidulthood
To adulthood
(I know)
Now I must act
Like an adult
Would react
Like
An adult should
(I know)
I gotta break
The cycle
Cos if I go peng
And end up
Dead it's my fault

And I move
Like bottle
Pole
Bar crack fuck about
Hit you
With a bat like Sam
Kick it
Hit you with
A brick like plan
Five-0
Came everybody
Better scram
I love raving
When it gets ram
Let somebody think
He's a badman
I'll boy him off
Infront of the gal
Let that man know
Who's wicked and bad
But that breh might
Wanna come back might
Wanna kick it off
The next day
Cos he's got revenge
In his heart like Jay
So when he see's me
He's gunna get moody
And try do me
Really we should more
Like moony and go uni
React just
Like an should
Break the cycle
Like Sam
From adulthood

(2x):
Gotta go
From kidulthood
To adulthood
(I know)
Now I must act
Like an adult
Would react
Like
An adult should
(I know)
I gotta break
The cycle
Cos if I go peng
And end up
Dead it's my fault

And I move like pirates
Raves, mixtape album
Done with the clashing
I've seen the outcome
Nuff badman
I won't be around
Dem nuff
MC's in the scene
That could out them
But allow them
Cos it's not about them
The roads are nuts
Like almonds
I'm a musician
And I use position
To influence thousands
Look
I said
I'm not on a hype
Cos I'm far
From a kidulthood
I'm much wiser
Blud
I'm older
I've grown up so now
I've gotta act
Like a grown up
I used to be wild
I was acting raggo
On the defensive
Acting paro
But now
I'm on the straight

And narrow
Cuzzy I've gone
From a kid
To an adult

(2x):
Gotta go
From kidulthood
To adulthood
(I know)
Now I must act
Like an adult
Would react
Like
An adult should
(I know)
I gotta break
The cycle
Cos if I go peng
And end up
Dead it's my fault
