[Verse 1]

When you look at me
Am I the person I want you to see
There's no more room for apathy
I've gotta find a way to be
The fearless girl I know I have inside

[Chorus]

I'm not scared I've been thinking about
Thinking about believing in myself
And I don't wanna change
Don't wanna change the way I feel

My head just races all the time
I feel like my heart has been fighting my mind
But I'm on my way now
I'm done with breaking down

[Verse 2]

But when they look at me
I'm not the person they want me to be
I've gotta keep my head up tall
Just for those who'd kill to watch me fall
I've got my back against the wall, But

[Chorus]

I'm not scared, I've been thinking about
thinking about believing in myself
and I don't wanna change

Don't wanna change the way I feel

My head just races all the time
I feel like my heart has been fighting my mind
But I'm on my way now
I'm done with breaking down

[Bridge]

There's tons of excuses and I've used them all
It's a risk it's a chance and I can't stand a fall
But somewhere in silence there's a voice in my ear
And it's giving me hope to conquer all of my fear

I'm not scared
I've been thinking about believing in myself

I'm not scared, I've been thinking about
thinking about believing in myself
and I don't wanna change
Don't wanna change the way I feel

My head just races all the time
I feel like my heart has been fighting my mind
but I'm on my way now
I'm done with breaking
I'm never breaking down
