Dazed in your daisies, I'm lost and I'm hazy
My mind's in a spin, could this be a win for me
I'm green and I'm blue, I don't know what to do
It's such a marvelous thing, the joy that you're bringin'

How did you come my way, you're like a dream
Sweet thing don't go away, you're chasin' the rain
away, sunshine

You are the sights, sparkling down in the life, oh
The way that you laugh, I just can't get past it
You're solid gold, you're a fabulous bold
I'm under your spell, I'm beggin' the wishin' well

How did you come my way, you're like a dream
Sweet thing don't go away, meltin' the clouds away,
sunshine

look at me now, I don't know how you stole my heart
away
and it seems I'm tangled in your crazy hair
how'd I get here, I don't care—stay with me

Sweet thing, don't you go nowhere
you chasin' the rain away. You sweet thing
Sunshine, don't you go nowhere,
You're meltin' the clouds away...

How did you come my way, you're like a dream
Sweet thing don't go away, shine on, go shine away
You're changing the everyday
Sunshine
