You know me well by now  
There's more to be discovered  
And baby, my good heart  
Might improve your inner life

Listen, I'm your friend  
I don't try to be your mother, no  
Strange as it may seem  
I still believe wrong can turn to right

Against the rule  
I'm always here for you  
On each other's side  
There's so much that we can do

Because no matter where  
We are going there together  
There's no doubt  
We will get there in the end

And if we have to stop  
Gonna wait through stormy weather  
If not lovers  
We still remain best friends  
Best friends, best friends

You know me well by now  
So there's more to be discovered  
And baby, my good heart  
Might improve your inner life

Against the rule  
I'm always here for you  
On each other's side  
There's so much that we can do

No matter where  
We are going there together  
There's no doubt  
We will get there in the end

And if we have to stop

Gonna wait through stormy weather  
If not lovers  
We can still remain best friends

Not lovers, best friends  
Best friends, best friends, best friends  
Not lovers, best friends  
Best friends, best friends, best friends
